

Education towards near Zero Energy Buildings Workshop *and ingREeS* *Project Steering Committee Meeting*

17 May 2016
(time - see the Agenda)
Nadace ABF
Václavské nám
833/31 (courtyard)
Praha 1
Czech Republic

Objectives of the workshop:

- Exchange views and experiences on knowledge and training development and diffusion on near Zero Energy Buildings;
- Presentations of the projects aimed at dissemination practical knowledge and training: ingREeS, StavEdu, Prof/Trac, Train-to-nZEB and Build upon;
- Discussion on the main issues covered by the training and balance between theory and practical demonstrations;
- Discussion on symbiosis between developing construction skills in the area energy efficiency and use of renewable energy sources in buildings and innovations deployment in the sector.

Objectives of the ingREeS Project Steering Committee Meeting (not public session - only for ingREeS project partners):

- Review implementation of the project;
- Discuss and agree on curricula of the training modules;
- Review of internal and external risks for implementation of the project;
- Information on interim reporting.

Objectives of the ingREeS WP6 Meeting (only for SKSI, ViaEuropa, SPS and SEVEN):

- Review of WP6 implementation;
- Discussion on the next steps;
- Review administrative requirements to be met.
